### ⚠ CAUTION! IMPORTANT SAFETY INSTRUCTIONS

**The Wireless Presenter with Laser Pointer and Memory includes a built-in laser pointer. Therefore, as with any laser pointer, it is important to adhere to the following warnings and safety instructions to prevent injury:**

- Never shine a laser pointer into a person's eyes, or stare into the laser beam. Pointing a laser pointer into a person's eyes, or staring directly at the laser beam, can cause instant temporary vision dysfunction such as flash blindness, disorientation or glare. This can be particularly dangerous if the exposed person is engaged in a vision-critical activity such as driving. In addition, prolonged and/or repeated exposure to the laser beam can be hazardous and damaging to eyes.
- Never aim a laser pointer anywhere on any person or animal. Laser pointers are designed to illustrate inanimate objects only. In some states and provinces, it is illegal to aim a laser pointer on a law enforcement officer or on any other person. The purchaser/user is responsible for insuring that his or her use of the laser pointer conforms to any local laws.
- Do not point a laser pointer at mirror-like surfaces. A reflected beam can act like a direct beam on the eye.
- Laser pointers are not toys. Do not allow a minor to use a pointer unsupervised. In some states and provinces, it is illegal for a minor to purchase and/or use a pointer. The purchaser/user is responsible for insuring that his or her purchase or use of the laser pointer conforms to any local laws.
